PRELIMINARY ORDERS

I visited the campus of the College on 22/08/2017 and noticed several shortcomings in the college as well as in the administration of Bells Institute of Management and Technology, Mehli Shimla. Thereafter the proceedings were initiated considering the Academic Career of large number of students studying in Bells Institute of Management & Technology.

The college authorities appeared before me and I recorded their statements and the record which was presented before me was also analysed deeply. The authority could not produce the relevant records and the documents and whatever they submitted was not in order as per norms of various Regulatory Bodies.

Thus it was found that the functioning of the college and its management is adversely affecting the career of large number of students. The following shortcomings need to be urgently addressed if the Institution should remain functioning. Therefore it is ordered that:

2. The Financial management including maintenance of books and records be ascertained and get audited from an Independent Agency depicting Assets and Liabilities.
3. The management and its constitution, functioning , organisation of meetings along with its past activities and details of members be

ascertained from the Registrar of Societies and its authenticity under various Acts be ascertained.

4. The total infrastructure of Institute be evaluated from the point of view if its sustainability & requirements as per the norms of various Regulatory bodies and that its suitability be ascertained for running the courses which the Institute has undertaken to run.
5. The daily functioning of the Institute be evaluated from the point of view of Attendance of Faculty, students and other staff of the Institute.
6. The control of examination and its entire system be thoroughly checked with other activities being conducted in the Institution and infrastructure being used for this purpose.
