2. The above table clearly shows that the Public Information Officers of various public authorities in the state furnished the information to all the applicants except in 1981 cases where the applications were rejected. Thus only 3.3% of the total applications were rejected by the PIOs.

3. The public authorities have reported that most of the 1981 applications were rejected under section 8 of the RTI Act, 2005. The table above also shows that number of first appeals is also less than 3.2% of the total applications. The Himachal Pradesh State Information Commission received 428 appeals as against 1899 first appeals filed with the designated Appellate Authorities. In addition, the Commission also received 13 complaints during the year for non-receipt of or receipt of incomplete information or delayed response from the PIOs. Thus the Commission received a total of 441 appeals/complaints as against a total of 60,104 RTI applications filed with various public authorities during the year. The number of appeals/complaints received in the Commission is approximately 0.7% of the total applications. These figures lead to the conclusion that response of the PIOs in Himachal Pradesh to the requests for information received from the information seekers during the year 2016-17 has been quite satisfactory.

4. The table below gives the break-up of quantum of applications received by various public authorities in the state during the year 2016-17:-

<b>Sr. No.</b>	<b>Public Authorities which received</b>	<b>Number</b>
i	More than 1000 RTI applications	16
ii	501 to 1000 RTI applications	10
iii	101 to 500 RTI applications	30
iv	Less than 100 RTI applications	45
	<b>Total number of public authorities which submitted the annual reports</b>	<b>101</b>

5. Out of the total of 101 public authorities which submitted the annual reports during the year, 16 public authorities received more than 1000 applications, 10 of them received 501 to 1000 applications, 30 of them received 101 to 500 applications and the remaining 45 public authorities received less than 100 applications. Sixteen public authorities namely the HP Judiciary, Forest Department, Police Department, DC Offices Bilaspur, Hamirpur, Mandi, Shimla, Solan, Una, Chamba, Elementary Education Department, Rural Development Department & Panchayati Raj Department, Urban Development Department, HP University, Shimla, Irrigation & Public Health and Electricity Board received more than 1000 applications during the year. It has been observed that a total of 58,643 applications out of 60,104 applications i.e. approximately 97.5 percent of the total applications were received by 56 public authorities. The remaining 45 public authorities received approximately 2.5 percent of the total applications. Further, a fee of ₹14,69,999/- has been collected by various public authorities during the same period.

## CHAPTER-5

### Implementation of The RTI Act, 2005 During Past Twelve Years

The RTI Act, 2005 came into force w.e.f. 12<sup>th</sup> October, 2005. The public authorities initiated steps to implement various provisions of the Act namely the designation of PIOs/ APIOs & Appellate Authorities and publication under section 4 (i) (b) of the Act. The PIOs and APIOs started receiving applications even before the State Information Commission started functioning w.e.f. 01.03.2006. The details of RTI Applications received, first appeal filed and fee collected by the public authorities since October 2005 to 2016-17 are as under:-

Year	No. of Public Authorities	Total Applications Received	No. of Applications Rejected by PIOs	First Appeals Received by 1 <sup>st</sup> Appellate Authorities	Amount of fee collected (in ₹)
2006-07	110	2,654	119	127	2,34,281
2007-08	118	10,105	283	267	6,00,495
2008-09	124	17,869	259	338	8,07,939
2009-10	134	43,835	442	706	10,89,504

2011-12	132	72,191	840	1381	19,56,046
2012-13	110	61,202	1396	1232	14,45,954
2013-14	110	63,722	1074	1716	14,98,202
2014-15	80	50675	2143	635	11,14,962
2015-16	62	46430	684	1558	10,02,958
2016-17	101	60,104	1981	1899	14,69,999

2. The above table shows that the number of applications filed by the information seekers to the PIOs of various public authorities during the past twelve years increased from first year to eleventh year from 2654 to 60,104 which is an increase of

approximately 22.6 times. It leads to the conclusion that awareness about the Act has been increasing year after year. The percentage of rejection of applications by PIOs has also been going down year after year. Thus the response of the PIOs has been showing a positive trend over the years.

## CHAPTER – 8

### Observations and Recommendations

In the earlier reports submitted under section 25(1) of the RTI Act, 2005, the Himachal Pradesh State Information Commission had made certain recommendations for smooth and effective implementation of the RTI Act, 2005 in the State of Himachal Pradesh. The State Government has taken action on these recommendations. However, the attention of the Government is drawn on some of the recommendations which require further action at the level of the State Government. These are being included as part of the observations and recommendations being made in this report in tabular form:

Sr.No.	Observations and Recommendations	Status of Action Taken
1.	<p>In the earlier First to Eleventh reports, the Commission had recommended finalization of a time bound programme for implementing following provisions of Section 4 (1) (a) of the RTI Act, 2005:-</p> <p>“Every public authority shall:-</p> <ul style="list-style-type: none"><li>• Maintain all its records duly catalogued and indexed in a manner and the form which facilitates the right to information under the Act; and</li><li>• ensure that all records that are appropriate to be computerized are, within a reasonable time and subject to availability of resources, computerized and connected through a network all over the country on different systems so that access to such records is facilitated.”</li></ul>	<p>On this recommendation the State Govt. does not seem to meet the requirement of the aforesaid Section of the RTI Act, 2005. Time frame is required to be fixed to meet this recommendation in the public interest.</p>
2.	<p>In earlier First to Eleventh reports Commission had recommended the implementation the provisions of Section 4 (1) (b) of the RTI Act, 2005. But the information under this Act has not been published/ updated by the large number of</p>	<p>The Administrative Reforms Department has issued administrative instructions to various</p>

	<p>public authorities. Hence, the Department of Administrative Reforms may take concrete steps to ensure that the provisions of section 4 (1) (b) of the RTI Act, 2005 are implemented in letter and spirit by all the public authorities under the State Govt.</p>	<p>departments but these instructions have not been implemented by most of the departments. Vigorous follow up is the necessity to make this recommendation operational.</p>
<p>3.</p>	<p>From the First to Eleventh Annual Reports it was recommended that the Department of Administrative Reforms may take concrete steps for implementing the provisions of the RTI Act, 2005/ HPRTI Rules, 2006 for rightful propagation of the Act and the Rules by imparting trainings to APIOs, PIOs and Appellate Authorities. In view of large number of APIOs, PIOs and Appellate Authorities designated by the Rural Development Department, Education Department and other big departments in the state, more training programmes are required to be organized by HIPA.</p>	<p>The Himachal Pradesh Institute of Public Administration Shimla, conducted training programmes and workshops for the PIOs, other officers of the State Government and imparted training to officials of various departments. HIPA has to substantially increase the number of training programmes for the PIOs and APIOs in view of the lack of adequate knowledge of RTI Act and its effective implementation.</p>
<p>4.</p>	<p>In the Fourth to Eleventh Annual Reports, the Department of Administrative Reforms was requested to finalise an appropriate scheme of periodic inspections in various offices to ensure that provisions of RTI Act, 2005 are</p>	<p>The Administrative Reforms Department has issued administrative instructions to various</p>

implemented effectively. However, there is dire need to inspect the RTI registers maintained by PIOs to ensure timely disposal of applications as well as the disposal of first appeals by the designated Appellate Authorities. Such a step is likely to reduce the filing of complaints and 2nd appeals in the Commission. Consequently the Department of Administrative Reforms may issue instructions to all the departments that the provisions of RTI Act and Regulations may also be included as one of the components in the department's regular inspection schedules and it be a part of the general inspection of the field offices.

departments but these instructions have not been implemented by most of the departments. Therefore managing record is essential to provide timely information to information seekers. A concrete action programme may help ease the situation.

5.

In the Fifth to Eleventh Report, it was recommended that a chapter on various provisions of RTI Act, 2005 and HPRTI Rules, 2006 be included in the syllabus for students of Secondary and Senior Secondary classes. This step is likely to create a permanent structure for generating awareness about the objectives and provisions of the RTI Act, 2005.

The Administrative Reforms Department has issued letter to the concerned department but the recommendation has not been implemented. Action taken report is still awaited.

6.

In the Sixth to Eleventh report, it was recommended that as per provisions of section 2(i) of the RTI Act, 2005, the citizens have a right to inspect works being executed by public authorities. But there is no provision in HP RTI Rules, 2006 regarding charging of fee for such an inspection. These rules also do not prescribe any procedure regarding inspection of work by an applicant as envisaged in the aforesaid section of the Act. It is, therefore, again

Recommendation has not been implemented.

	recommended that a suitable provision may be incorporated in HP RTI Rules, 2006 to enable the information seekers to inspect any work under execution by a Public Authority of the State Govt. on the basis of prescribed payment of fee.	
7.	In the Seventh to Eleventh Report, it was recommended that the Administrative Reform Department issue instructions to all public authorities to designate the nodal officer at Directorate level to have liaison between the Government/ State Information Commission and Public Information Officers of the Public Authorities to submit the reports as per the section 25 of RTI Act, 2005. It has been observed by the Commission that most of the Public Authorities are not submitting requisite annual reports to the Commission within time limits, which has caused considerable delay in finalizing the Annual Report of this Commission for the year 2014-15. Hence it is strongly recommended that instructions may be issued to the Public Authorities to submit the required report well in time in accordance with the RTI Act, 2005.	Recommendation has not been implemented.
8.	In the Seventh to Eleventh Report, it was recommended that the Departments are not maintaining the record/ files as per the Office Manual wherein it is mandated to open subject-wise files, having noting and correspondence part separately on the file. Even records are not being classified as permanent and of periodical duration in a transparent manner. Maintenance	Recommendation has not been implemented.

	of File Index Register and Guard File are not being ensured as per Office Manual which leads delay in providing the information to the information seeker and is violation of the provisions of section 4(1)(a) and (b) of RTI Act, 2005.The departments be directed to ensure compliance of the Office Manual in this regard in a time bound manner.	
9.	In the Seventh to Eleventh Report, it was recommended that some very important orders of the Commission which are passed from time to time are not in the knowledge of PIOs and First Appellate Authorities. If such orders are periodically or yearly printed and circulated amongst PIOs, it will help in educating and implementing various provisions of RTI Act and improve their efficiency.	Recommendation has not been implemented.
10.	In the earlier reports, the Commission had recommended the Training and Sensitization Programmes for the First Appellate Authorities of the Public Authorities and Heads of Departments of the Public Authorities. But during the year 2015-16 no such programmes were organized.	Recommendation has not been implemented.
11.	During the course of various hearings at Commission level it has been observed that various Public Authorities have designated the PIO's who are not in the rank of officer level. For instance Panchayati Raj Deptt. have designated Panchayat Secretaries as PIO's who are class-III employees in official hierarchy and most of them are on Contract basis. Such designations of PIO's are in violation of Section	Recommendation has not been implemented

5 (1) of RTI Act, 2005 which requires that PIO should belong to an officer category. The relevant clause of the Act is reproduced as under:

**Section – 5(1):-** “Every Public Authority shall, within one hundred days of the enactment of this Act, designate as many **officers as the CPIO or SPIO**, as the case may be, in all administrative units or offices under it as may be necessary to provide information to persons requesting for the information under this Act.”

The Commission therefore recommends that the State Govt. should direct all Public Authorities to designate PIOs who are at least class-II level officers and permanent employees of the Government so that they are able to access information from concerned quarters and who can also be held responsible for any omissions/commissions in dealing with RTI Act, 2005.

12.

The Commission observed that the Public Information Officers and First Appellate Authorities are sending the letters/ notices through post office as ordinary posts and in the maximum cases applicant/ appellant refuses to have been received the ordinary post and they have no proof of receiving of letters/ notices by the applicant/ appellant. Hence Commission recommends that the suitable provision may be incorporated in the HP RTI Rules, 2006 to serve the letters/ notices to the applicant/ appellant through registered post or through process server. It was recommended in the Eleventh Report also.

Recommendation has not been implemented

The above recommendations from sr. no. 1 to 12 are again reiterated. The other recommendations and observations are as under:

The Commission has examined the reports received from the Public Authorities pertaining to the receipt of RTI applications from information seekers during the year 2016-17. It has been observed that out of a total of 60,104 RTI applications filed by the information seekers during the year, requests were rejected by the PIOs concerned only in 1981 cases and 1899 first appeals were filed during the year. The Commission received 13 complaints and 428 second appeals during 2016-17. The small number of first appeals filed by applicants and the total number of complaints and 2<sup>nd</sup> appeals received in the Commission do indicate that the applicants were generally satisfied with the response of the PIOs in the State. While considering the complaints and appeals, it has, however been observed by the Commission that most of the complaints and appeals pertained to delay in receiving appropriate response from the PIOs. In a number of cases, the delay could be attributed to lack of awareness on the part of PIOs about various provisions of the RTI Act, 2005 and the Rules made there under. It was also observed in some cases that, the applicants appeared to be unaware of the scope of the RTI Act, 2005. Quite a large number of applicants/appellants expected the redressal of their grievances through their RTI applications and complaints/ appeals filed before the State Information Commission, whereas empowering citizens from the existing information/ record maintained by public authority is the essence of this act.
